## Extended Options for Abuse Testing

The AC02 advances abuse testing beyond the state of the art and opens up new possibilities.

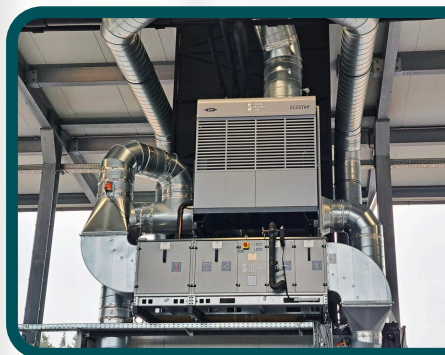

## Revolutionizing Abuse Testing for Reliable Results

The new test chamber is designed to deliver precise and reliable test results to get high accuracy test data and enables customized test setups to meet your individual requirements.

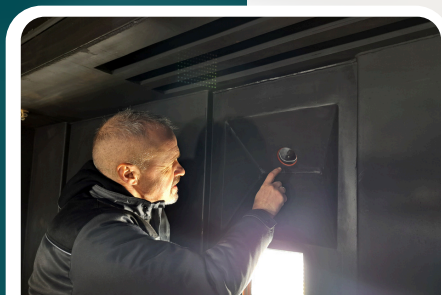

### Technical Data

- ▶ Climatizable (Heating, Cooling)
- ▶ Temperature profiles
- ▶ Various Extinguishing Systems
- ▶ Battery Energy up to 250 kWh
- ▶ Battery Weight up to 2000 kg
- ▶ Battery Size max. 3 m x 3 m
- ▶ Optical Video System
- ▶ IR Video System
- ▶ Remote Test Control System
- ▶ Up to Hazard Level 7

## Testing Made Accessible Remotely

You can monitor tests via video conference using the implemented remote control system. All parameters can be called up remotely so that you can follow the test live from anywhere.
