Terms and conditions for entering Green Lab

1. Green Lab can be entered only with the following protective clothing:
    - Safety Shoes
    - Safety glasses
    - Working jacket

2. The abuse test chamber and the teardown room may only be entered with the following protective clothing:
    - FFP2 mask

3. The following safety equipment must be used when handling destroyed batteries:
    - full face respirator mask
    - Suitable clothes
    - Suitable working jacket

4. The marked dirt sluice is provided for removing and disposing of protective clothing in the tear-down.

5. For batteries with HV, additional protective clothing and training is required:
   - HV gloves
   - HV working jacket
   - HV helmet with visor
   - HV training

   All protective clothing must be certified according to the latest standards.

6. Before entering the Green Lab, a safety briefing must be provided by GTL.
7. All instructions from GTL personnel must be obeyed. If anything is unclear, ask the GTL staff immediately.
8. Taking pictures is not allowed. After consultation with GTL personnel, the following exceptions exist:
   - Pictures in the tear down room during the tear down process (DUT)
   - Pictures in the chamber or during the testing process (Test Setup, DUT)
9. Entering the Green Lab is at your own risk. During the test, you may only leave the test control room after consultation with GTL staff.
10. The signing of this document is necessary to enter the Green Lab.
11. Entering the Green Lab is only allowed in the presence of GTL personnel.
12. Only 3 customers are allowed to attend the test in the test control room.
13. The test can also be supervised remotely from the GTL meeting room.
14. If smoke develops in one of the tear down rooms, follow the steps below immediately:
    a. open the gate
    b. report (to a GTL employee)
    c. leave the test area
